# Snake and Ladder game board

Age Group: +5 years old

Help Gilgamesh get the pearl! Print the below and make your own dice. You will need tokens for this game.

Roll the dice and move your token by the number indicated on the dice. If the token lands on the lower-numbered end of a ladder, the player moves the token up the ladder's higher numbered-square. If the player lands on the higher-numbered of a 'snake' the token must be moved down to the snake's lower-numbered square.
